Valuable Customer of Okamoto's Products

**Re : Notice for Completion of Service & Parts Supply**

Dear Okamoto's Customers,

We will strive to provide a stable supply of maintenance parts (parts specific to the mode) necessary to maintain the function of the already discontinued products (following table) by stocking parts and using substitutes as much as possible. However, at present, not only the parts procurement but also the continuous maintenance service and the supply of maintenance parts are reaching the limit.

In this situation, we have decided to terminate the inquiries about the target model by phone/e-mail, parts supply, repair as follows, so we would like to inform you.

In addition, we have the latest models with excellent functionality and reliability that can meet the demands of all of us, please take this opportunity to consider renewal.

Note

1. Subject Machine : Machines produced before 1980 (see following table)
2. Terminate Service : February 1<sup>st</sup>, 2026
3. Contact : Okamoto (Thai) Co., Ltd.
